Professional Experience

Carsten has 20 years' experience working in Berlin, London and New Zealand. He joined Architectus in 1999 and has been a director since 2008. From 2013 Carsten has been leading the Architectus office in Christchurch.

Carsten has extensive experience in a comprehensive range of projects in particular in the education and civic sectors. With a strong client focus he is dedicated to achieving client goals and delivering projects that respond to functional imperatives within a strong design framework.

His expertise has translated into the successful completion of key projects including the West Rolleston School, St Cuthbert's Performance Arts and Aquatic Centres, the Campus Hub and Library at Victoria University of Wellington and the new Bus Interchange in Christchurch.

Carsten is a good communicator and he is truly committed to a collaborative team approach. These qualities combined with his expertise enable him to effectively lead large, complex, multi-stakeholder based projects to successful outcomes for our clients.
